

MedRX Portal

Welcome to your new **MedRX portal**, to begin using the portal you will need to reset your existing password [HERE](#)

Login

Then log in to your new portal using this [LINK](#)

Once logged into your online portal, you will be able to purchase items through our online shop, manage your patients, and invite prescribers to sign prescriptions.

Create Profile

To begin, please ensure your details are all up to date in your [PROFILE](#) area.

Add Patients

Then, add your patients by clicking on the [PATIENTS TAB](#)

Invite Prescriber

If you wish to invite a prescriber to be able to sign your prescriptions, you can invite them in the [PRESCRIBER TAB](#)

Once they have signed up and approved, you will be able to select that prescriber when ordering online.

This is a pre sign up ready for new website & continue using old website until further notice.

We recommend you order a couple of days earlier than usual as prescription will need to be checked and signed by the prescriber. Payments for prescription will be handled by the practitioner and prescriber.
